TAGLINE Where Care Feels Like Home

1. Brand Essence

The Peart Serenity Residence brand exists to make families feel one thing above all: trust. Every visual and verbal choice should signal warmth, dignity, safety, and quiet luxury. The identity blends the gold-and-black palette of the logo — premium and timeless — with a human, compassionate tone.

Attribute	Expression
Personality	Warm, professional, dignified, reassuring
Promise	Professional care with warmth, dignity, and compassion
Tagline	Where Care Feels Like Home
Feeling we create	Safe, respected, cared for, at home

2. Logo

The primary logo is a circular gold emblem on a black field, featuring a caregiver and supporting hands framed by laurel — symbols of care, protection, and honor — above the PEART wordmark and the line SERENITY RESIDENCE.

Usage Rules

- **Clear space** — always keep padding around the logo equal to at least the height of the 'P' in PEART.
- **Primary background** — use the gold-on-black emblem on dark or neutral backgrounds for maximum impact.
- **Minimum size** — never reproduce the emblem smaller than 18 mm / 0.7 in wide, to keep detail legible.
- **Do not** — stretch, recolor, rotate, add shadows, or place the emblem on busy backgrounds that reduce legibility.
- **Do not** — recreate or substitute the typography inside the emblem.

3. Color Palette

Gold and black are the heart of the identity — premium, warm, and trustworthy. Cream and neutral greys provide breathing room and readability in documents and digital media.

Primary

			
Brand Gold #C8920A	Bright Gold #E7AE25	Light Gold #F0C442	Brand Black #0D0D0D

Secondary & Neutrals

			
Charcoal #26201A	Cream #FBF6E9	Soft Grey #EFEADC	Text Grey #666666

Color	Hex	RGB	Primary use
Brand Gold	#C8920A	200, 146, 10	Headings, accents, key emphasis
Bright Gold	#E7AE25	231, 174, 37	Numbers, highlights, charts
Light Gold	#F0C442	240, 196, 66	Light accents on dark fields
Brand Black	#0D0D0D	13, 13, 13	Logo field, table headers, titles
Cream	#FBF6E9	251, 246, 233	Callout boxes, soft backgrounds
Text Grey	#666666	102, 102, 102	Secondary text, captions

4. Typography

Type should feel elegant yet highly legible — important for an audience that includes older readers and families making serious decisions.

Role	Typeface	Usage
Display / Headings	Cambria (or Playfair Display)	Titles, section heads — refined serif
Body / UI	Calibri (or Inter / Lato)	Body text, web, documents — clean sans-serif
Accent	Same gold treatment	Numbers and key figures in Bright Gold

Hierarchy

- **Page titles** — serif, bold, ~28–30 pt, black.
- **Section headings** — serif, bold, ~16 pt, black with a gold number and gold underline.
- **Subheadings** — serif, bold, ~12 pt, brand gold.
- **Body** — sans-serif, ~10.5–11 pt, dark grey, generous line spacing for readability.

5. Brand Voice & Tone

We speak the way a trusted, experienced nurse would speak to a worried family member: calm, warm, clear, and competent. We never sound cold, clinical, or salesy.

We are	We are not
Warm and human	Cold or clinical
Clear and reassuring	Vague or alarming
Professional and credible	Boastful or pushy
Respectful and dignified	Patronizing
Hopeful and caring	Sentimental or exaggerated

Messaging Examples

- **Tagline** — “Where Care Feels Like Home.”
- **Promise** — “Professional care with warmth, dignity, and compassion.”
- **Family reassurance** — “Your loved one is safe, cared for, and never alone.”

- **Diaspora** — “Wherever you are in the world, we keep you close to the care of your parents.”

6. Imagery & Photography

- **Subjects** — real, dignified moments of care, connection, and calm; smiling seniors, attentive staff, gardens and light-filled spaces.
- **Mood** — warm, natural light; soft, hopeful, never staged or stock-clinical.
- **Avoid** — sterile hospital imagery, sadness, isolation, or anything undignified.
- **Treatment** — gold accents, generous white/cream space, the emblem used sparingly as a seal of quality.

7. Brand Applications

The identity should feel consistent everywhere a family encounters us.

Touchpoint	Application
Signage & entrance	Gold emblem on black; warm, welcoming entry
Documents	This gold/black system — covers, headers, callouts
Social media	Gold-accented templates, emotional photography, consistent tone
Website	Premium gold/black/cream theme, large readable type, clear calls to act
Staff uniforms & badges	Discreet gold emblem; clean, professional
Resident & family materials	Warm, reassuring tone; legible type; emblem as a trust seal

8. Exterior Signage (Storefront Sign)

The exterior sign is the first physical impression a family forms of the residence. It must read as premium, trustworthy, and calm — gold on a deep black or dark background, with the emblem and name clearly legible from the street.

Sample mockup — exterior storefront sign. Illustrative only; final artwork uses the vector logo and the brand color codes below.

Recommended Design

- **Layout** — circular gold emblem on the left, with the name lockup to the right: “PEART” large, “SERENITY RESIDENCE” beneath it, and the small line “NURSING HOME” above.
- **Background** — matte black or very dark charcoal (#0D0D0D) so the gold glows; avoid glossy finishes that glare in sunlight.
- **Lettering** — metallic gold or warm-gold (#C8920A / #E7AE25) in the serif display face; raised/3D acrylic or brushed-gold letters look most premium.
- **Tagline (optional)** — “Where Care Feels Like Home” in small gold italics beneath the name.
- **Lighting** — front-lit or halo (backlit) lighting in warm white so the sign is visible and inviting at night.
- **Accessibility info** — add a smaller secondary plate near the entrance with address, hours, and phone in clean sans-serif.

Specifications for the Sign-Maker

Item	Specification
Primary material	Aluminium composite / acrylic panel, matte black

Letters & emblem	Brushed or painted gold (PMS 873 / 871 metallic, or #C8920A)
Recommended size	Frontage sign ≈ 8 ft × 3 ft (2.4 m × 0.9 m); scale to wall
Minimum legibility	Name readable from ~25 m / 80 ft
Lighting	Warm-white LED, halo-lit or front spotlights
Finish	Matte / satin (anti-glare), weather- and UV-resistant
Clear space	Keep emblem padding ≥ height of the letter “P”
Files to supply	Vector logo (AI/SVG/EPS) + colour codes from this manual

SIGN COLOR CODES

Background: Black #0D0D0D · Lettering & emblem: Gold #C8920A / #E7AE25 (metallic PMS 871–873) · Optional tagline: Light Gold #F0C442. Always provide the sign-maker with the vector logo, never a low-resolution image.

9. Uniforms & Apparel

Uniforms signal professionalism, hygiene, and warmth at the same time. The base palette is clean and calming, with the gold emblem as a consistent badge of quality. Staff should look unmistakably professional yet approachable.

UNIFORM MOCKUPS

Gold emblem on the left chest · embroidery preferred

Mockup — illustrative uniforms. Emblem placement ≈ 8–9 cm wide, left chest. Supply vector art to the supplier.

Sample mockups — staff uniforms by role. Illustrative only; emblem embroidered on the left chest (~8–9 cm) using the brand gold.

Recommended Uniform Palette

Role	Garment & colour	Emblem treatment
Nurses / clinical	Scrubs in deep navy or black	Gold emblem embroidered, left chest
Nursing assistants	Scrubs in warm grey or soft teal	Gold emblem embroidered, left chest
Administrator / front	Black or white polo / blouse	Gold emblem, left chest
Kitchen & housekeeping	Black apron / tunic	Gold emblem on apron bib
Security	Black shirt	Gold emblem + “SECURITY” on back

Print & Embroidery Specifications

- **Placement (chest)** — emblem on the left chest, about 8–9 cm (3–3.5 in) wide, centered ~18–20 cm down from the shoulder seam.
- **Placement (back, optional)** — larger emblem or wordmark ≈ 25 cm (10 in) wide, centered between the shoulder blades.
- **Embroidery** — preferred for durability; use metallic-gold and matte-gold thread to render the emblem; on dark fabric the gold reads beautifully.

- **Screen / vinyl print** — for aprons/polos, use a 1- or 2-tone gold version of the emblem; supply vector art at 300 dpi minimum.
- **On light fabric** — use the full gold emblem with a thin dark outline so it stays legible on white/grey.
- **Name tags** — black badge with gold name and role, emblem at the corner; matches the overall identity.

APPAREL COLOR CODES

Garments: Black #0D0D0D, Navy #1B2A41, Warm Grey #6E6A63, Soft Teal #5E8B86 · Emblem thread/print: Gold #C8920A & #E7AE25. Keep one consistent emblem size per garment type so the team looks uniform.

CONSISTENCY IS TRUST

Every consistent touchpoint — sign, uniform, document, post — compounds the brand's most valuable asset: the family's trust. When in doubt, choose the option that feels warmer, calmer, and more dignified.
