

SOCIAL MEDIA & ADVERTISING PLAN

Peart Serenity Residence

Channels, Content, Campaigns & Budget

SCOPE 12-Month Marketing Plan

LOCATION Montego Bay, St. James, Jamaica

AUDIENCE Local families & the Jamaican diaspora

TAGLINE Where Care Feels Like Home

1. Marketing Objectives

Social media is the primary growth engine for Peart Serenity Residence. The goal is to build trust at scale — turning emotional, credible content into inquiries, tours, and admissions, while reaching the overseas Jamaicans who finance care for their parents at home.

Objective	12-Month Target
Build awareness in St. James & diaspora hubs	50,000+ reach / month by Month 6
Generate qualified inquiries	25–40 qualified inquiries / month
Fill capacity	Support ramp to 78%+ occupancy by Year 2
Build a trust library	100+ pieces of content & 15+ testimonials
Grow community	5,000+ engaged followers across platforms

2. Target Audience

Audience	Where they are	What moves them
Adult children (local)	Facebook, Instagram	Trust, safety, proximity, references
Diaspora (US/UK/Canada)	Facebook, Instagram, TikTok	Reliable care for parents, updates, video calls
Expats & retirees	Facebook, Google	Premium standard, English service
Referrers (clinics/physicians)	LinkedIn, direct	Credibility, safe discharge option

3. Channel Strategy

Channel	Role	Primary content
Facebook	Core trust + diaspora ads	Testimonials, day-in-the-life, family Q&A, ads
Instagram	Brand & emotion	Photography, reels, staff spotlights, activities
TikTok	Reach & storytelling	Short emotional videos, caregiving tips, behind-the-scenes
Google Business + SEO	Intent capture	Profile, reviews, photos, local search
YouTube (light)	Depth & credibility	Facility tour, founder story, family testimonials
WhatsApp	Conversion & service	Inquiry handling, updates to families abroad

4. Content Pillars

Every post should serve one of five pillars. A healthy mix builds trust before it ever asks for a sale.

Pillar	Purpose	Example posts	Mix
Trust & Proof	Show real care quality	Testimonials, reviews, certifications	30%
Warmth & Life	Show the home environment	Activities, celebrations, gardens, smiles	25%
Education	Build authority	Healthy-aging tips, caregiver advice	20%
Team & Values	Humanize the brand	Staff spotlights, founder story	15%
Offers & CTA	Drive inquiries	Tours, availability, contact prompts	10%

5. Sample Weekly Content Calendar

Day	Platform	Content	Pillar
Monday	IG + FB	Resident activity reel	Warmth & Life
Tuesday	FB + TikTok	Caregiving / healthy-aging tip	Education
Wednesday	IG	Staff spotlight	Team & Values
Thursday	FB + IG	Family testimonial	Trust & Proof
Friday	TikTok + IG	Behind-the-scenes / day-in-the-life	Warmth & Life
Saturday	FB	Q&A / myth-busting about senior care	Education
Sunday	IG + FB	Inspirational / values post + soft CTA	Offers & CTA

6. Paid Advertising Strategy

Paid campaigns focus on two high-intent audiences: local families within reach of Montego Bay, and the Jamaican diaspora in the US, UK, and Canada. Creative leads with emotion and trust, then drives to a simple inquiry action (WhatsApp message, form, or call).

Campaign	Audience	Objective	Suggested monthly spend (USD)
Local Awareness	St. James + 30 km	Reach / video views	\$250
Diaspora Trust	JM expats US/UK/CA	Lead / message	\$450
Retargeting	Site & video viewers	Conversion / inquiry	\$200
Always-on Search/GBP	Local intent	Calls / directions	\$150

Ad Creative Principles

- **Lead with emotion + trust** — a real smile, a reassuring line, a credible face.
- **One clear action** — “Message us on WhatsApp to arrange a visit.”
- **Localize for diaspora** — “Caring for your parents in Jamaica while you're abroad.”
- **Show, don't tell** — video of real care and real spaces outperforms claims.
- **Always test** — run 2–3 creatives per campaign; scale the winners.

7. Suggested Budget Summary

Item	Monthly (USD)	Annual (USD)
Paid ad spend (all campaigns)	\$1,050	\$12,600
Content creation (photo/video)	\$300	\$3,600
Tools & scheduling software	\$80	\$960
Boosted posts / contingency	\$120	\$1,440
Total	\$1,550	\$18,600

Spend can start lower (~\$600–\$800/month) during launch and scale with proven results. Allocate more to the campaigns with the lowest cost per qualified inquiry.

8. Metrics & Reporting

Metric	Why it matters	Target
Reach / impressions	Awareness	50k+/mo by M6
Engagement rate	Content resonance	≥ 4%
Cost per inquiry	Efficiency	≤ \$25
Qualified inquiries	Pipeline	25-40 / mo
Tours booked	Intent	12+ / mo
Admissions from social	Revenue impact	Track to occupancy
Review rating	Trust	≥ 4.7 / 5

9. 90-Day Launch Plan

Phase	Focus
Days 1-30: Build	Set up profiles, brand templates, capture initial photo/video, publish foundational content
Days 31-60: Activate	Begin paid campaigns, collect first testimonials, start referral outreach
Days 61-90: Optimize	Double down on best content & ads, formalize the weekly calendar, report results

GOLDEN RULE

People don't buy senior care — they buy peace of mind. Every post should make a worried family feel calmer, safer, and more certain that their loved one will be in good hands.
